

Job Description

Position:	Family Physician (MD or DO)
Reports To:	Medical Director of Provider Services
Department:	Clinic

Summary

Qliance is a leading healthcare organization giving patients convenient, affordable access to highly skilled doctors, nurse practitioners, nurses and healthcare teams for primary, preventative and urgent care services. For a monthly fee, Qliance offers healthcare to everyone, regardless of insurance status or pre-existing conditions. A family physician's patient panel includes all ages.

Responsibilities include, but are not limited to:

- Provision of comprehensive primary care services, including acute care, chronic disease management, preventive and wellness care, and some in-office procedures
- Working as a member of an integrated healthcare team along with a nurse practitioner, registered nurse, licensed practical nurse, medical assistant, medication manager, patient resource specialist, and other support and administrative staff to collaboratively manage patient care
- Management and education of patients with chronic diseases
- Supervision and teaching of nurse practitioners and support staff
- Comprehensive electronic medical record-keeping
- Data collection in the electronic medical record for quality management purposes
- Participation in clinic and organization-wide quality improvement activities
- Participation in patient education activities (such as group visits, seminars, outreach, etc.)
- Working with X-ray, laboratory and dispensary services (training provided)
- After-hours phone calls from patients on a pre-set call schedule
- Full time status is approximately 36 hours of scheduled patient contact and four (4) hours of care coordination time per week and rotating weekend clinic coverage

Requirements include, but are not limited to:

- A patient-first attitude and willingness to go the extra mile for patients
- Board certified or board eligible in Family Medicine
- Current unlimited physician license in Washington State
- Current DEA license
- Completion of all credentialing requirements (including but not limited to primary source verification, background check, National Practitioner Data Bank query, reference check)
- Completion of all privileging requirements
- Maintenance of all CME requirements for continuation of licensing and certification
- Ability to work with software programs, including email, dictation software, electronic medical records and others (with specific training where applicable)
- Ability to access and utilize electronic sources of medical information and clinical decision support tools

Additional desirable skills (not required):

- Fluency in an additional language
- Research experience
- Advanced computer skills
- Management or leadership experience

If you are interested in joining our team, please send us your CV and include a cover letter telling us why you want to work for Qliance to providerrecruiting@qliance.com. Applications are only accepted online. No phone calls please.
